Dear Mrs. Jones:

This has further reference to your letter regarding your inability to obtain medical services at the Anadarko Indian Clinic.

The Public Health Service informs me that medical services are denied to those who are married to non-Indians on the basis that they have other resources available to them.

In the event an Indian is divorced from a non-Indian husband, she then becomes the head of her family and is in a high enough priority to receive medical services through the Indian health program.

With best regards and good wishes, I am

Sincerely yours,

Dear Mrs. Jones:

I wish to acknowledge receipt of your letter asking that I look into the medical care provided at the Indian Health Clinic at Anadarko.

In response to other complaints about inability to obtain medical care at the Clinic, I have asked the Public Health Service to give me a full report on the situation there.

The report has not yet been received, but just as soon as it reaches me, I will be glad to send you a copy of it.

With best regards and good wishes, I am

Sincerely yours,

Honorable Mike Monroney,

Could you please look into the situation of the Indian Health Clinic here in Anadarko, Okla. me and my family have been turned down. Many Indians do not recieve any Medical care at all, and some really need it. Many of the Indians here in Oklahoma feel that they are getting short changed and its up to their congressional leaders in Washington to do something about it.

Anything you can do will be appreciated very much.

Thank you,  
*Mrs. Bennie Jones*
