~~Ind~~  
Indiana

this is the reason I was on land  
he white collar white ~~man~~ man  
thought he would not put some of  
Indians on so they would get the  
land and give the ~~letter~~ some money  
and the Indian ~~to~~ they was give  
the land, and then they taken it ~~away~~  
away from us and payed the Indian  
out by capita payment But they was  
paying the Indian out of my Land  
and the others that didn't ~~have~~ have any  
Land and said they was giving them  
payment But it didn't belong to them  
at all for the land belong to the Indian  
at the Began But I thought like this  
they have kept us out of our land long  
enough I think I am right if you look  
it up I think it is right you see the  
white man they come in and kill our  
Indian and ~~take~~ taken the Belongings, and keep it  
you see that to be the facts to and the  
reason they taken the white man up for  
fear they would have a mother war  
among them and I think this is true  
and they kill Indians and some of them taken  
the Began I can keep them and some women  
and keep them as slaves you see it is true  
I don't you have store the reason  
I don't got my Indian Rights your

Dear friend Carl Albert,

I am asking you to help me with my Indian right --- my mother is Mary R. Martin now, but was Cooper - this is Card No. 4971 and Field No. C 16, and want you to give this on Blue paper to Mike Monroney - I would write him long ago but I didn't know his address; so I thought I would send it to you and he could get it --- 2 or 3 years he asked all of the Indians to tell the reason they hadn't got their Indian rights, but I couldn't get to go and think every word I wrote is true . Please help me, and please help me.

Yours truly
