Dear Mr. Hampton:

Senator Monroney is attending the Interparliamentary Union conference as a member of the United States delegation.

In his absence, I wish to acknowledge receipt of your letter regarding the allegedly illegal seizure of your property in Grady County, and to request additional information which he will need.

It is suggested that you provide Senator Monroney with the legal description of the property in question, the name of the person or persons or agency of the Government acquiring the property, and whether or not you have availed yourself of legal recourse in an effort to regain title.

When this information is received and Senator Monroney returns, it will be brought to his attention.

With best regards, I am

Sincerely yours,

Jack Yocum  
Executive Secretary

Hon. Mike Maroney  
U.S. Senate Chamber  
Washington 25 D.C.

Dear Senator Maroney

Re:

1/2 Blood Choctaw Indian Roll #10130  
Indian Allotted Lands  
120A. Surplus  
80A. Homestead (Restricted)  
Oil - Gas - Minerals and  
Agricultural Rentals.  
Located: Choctaw Nation,  
Indian Territory (Grady Co Okla)

I have in my possession Title Deed. to the above lands, and it is respectfully submitted that this property was wrongfully taken from me <sup>by</sup> erroneous, irregular, illegal and fraudulent acts, committed against me and my property, during the time I was a wartime Service Connected disabled Soldier.

The Congressional act of June 2. 1924. making all Indians of the United States Citizens - Entitles its citizens the right to property protection under the National Emergency Congressional act. also to Constitutional property protection.

Rules and regulations designed to destroy the protective provisions of the Congressional act, of May 27, 1908, for Indian allotted lands as applied in my case was an unjust, erroneous, irregular, illegal and fraudulent Act, and therefore Null and Void and of no affect.

The Congressional Act of Aug. 24, 1922 provides for Fraud and duress, in depriving Indians of their allotted lands!

The Congressional Act of August 4, 1947 -  
 Validates voidable removal of restriction from  
 1/2 Blood Indian Allotted Homestead lands -  
 Section 7 of this act. does not apply to my  
 case as the removal order was issued in  
 error, was irregular, was illegal, and was  
 a fraudulent act. Therefore was void and of  
 no effect.

In my case Restrictions were removed by  
 whole sale lot - and my property was taken  
 illegally and fraudulently while I was out of  
 the Continental <sup>(limits of the)</sup> United States.

It is requested that action be taken to  
 recover my property, and that monetary remuneration  
 be granted to me for all Oil - Gas Minerals  
 and Agricultural rentals, to date.

Very truly yours,  
 Le Roy Hampton.
