Dr. Benjamin E. McBrayer
Indian Health Area Office
301 Post Office & Court House Bldg.
Oklahoma City, Oklahoma

Dear Dr. McBrayer:

It was very kind of you to extend an invitation to visit your office when in Oklahoma City and go over your program, objectives, and plans to improve the health status of the Indians.

My trips to Oklahoma have of necessity been sharply curtailed because of the prolonged session of Congress, which promises to continue well into the year.

I shall certainly remember your invitation, however, and I am sure I would benefit greatly from a visit with you.

With best regards and good wishes, I am

Sincerely yours,

Honorable A.S. (Mike) Monroney
United States Senate
Washington 25, D. C.

Dear Senator Monroney:

I have noted on numerous occasions your interest in the Indian Health program in Oklahoma and would like to have the opportunity to discuss it with you sometime. Allow me to extend you an invitation to visit my office anytime you are in Oklahoma City and have some time to go over our program, our objectives, and plans. If you are able to give me advance notice I will make every effort to be in the office or designate someone to meet with you if I am unavoidably absent.

There are many interesting challenges in this program if we are to achieve our objectives and to carry on the program of improving the health status of the Indians. Many problems arise in day to day operations which must be answered now and in the future if we are to carry out our responsibilities. I believe we can give you information regarding the program in the Oklahoma City Area that will be both interesting and useful to you in consideration of our needs and those of your constituents, many of whom are beneficiaries of our program.

I sincerely hope that you will be able to accept my invitation in the future.

Sincerely yours,

Benjamin E. McBrayer, M.D.
