Intention  
Indians

Mr. Howard B. Nelson  
Bureau of Indian Affairs  
Albuquerque, New Mexico

5301 Central Ave, N.E.

Dear Mr. Nelson:

We are aware of the construction program for the  
Tahlequah Indian School and would be very in-  
terested in knowing whether an architect for the  
project has been selected.

We have several architects in Oklahoma who feel  
they are well qualified, and, naturally, we would  
like to see someone from Oklahoma selected.

Any information you can give us will be appreciated.

Very truly yours,

David J. Perry  
Executive Secretary
