Honorable Mike Monroney,
I am a full blooded Wichita Indian from Anadarko, Okla, and yet I am denied use from the PHS Indian clinic here in Anadarko and the PHS Indian Hospital in Lawton, Okla. Since there are many Indians here in Oklahoma in the same situation, I am requesting that you please look into the matter. There are many incident where white women can use the clinic and can go to the PHS Indian Hospital in Lawton, which many Indians are denied the use of. I thought the facilities were made for the Indians to be used by the Indians.

Would you please look into the situation?

Thank You,
