Dear Mr. Bully:

I have your letter of recent date in connection with the sale of the Choctaw-Chickasaw coal and asphalt lands.

I want you to know that I will do everything I can to push through the \$8,500,000 appropriation for the government's purchase of these lands. I am going to try to see the Secretary of the Interior about this matter this week, and want to assure you that I will do what I think is best toward getting this done as surely and as quickly as possible.

I realize that this money will help you and many others out in your farming and certainly hope we are successful in getting the appropriation through in time for you to use it on your farm.

If we can ever be of further service, please let us know.

Sincerely yours,

CA:m

Dear Sir:

Whats delaying this Indian coal & asphalt land. My understanding is that the money won't be available until June in 1948. Can't you all make this case go through by March. Some of us are planning to do some farming and we can depend on it. The captiv payment would help us out and some of us really needs it.

Yours truly
