

1-18-67

The covering transmittal
on this will "fix" me
in D.H.

But it seemed now or
never. I could get
objective about the #92,
and the other indignities
"bug" me so. I cannot
even think about them,
for if I do, I cannot work.
Hold a good thought on
my being brave, now
that I've stood up.
Sula
