

February 20, 1967

Mrs. Sula S. Goodman
Public Health Service
Department of Health,
Education and Welfare
1614 N. W. Britton Road
Oklahoma City, Oklahoma 73120

Dear Sula:

I was out of town getting some more sunshine and rest during the Lincoln Day lull in the Congress when your note and the wonderful letter from Dr. Hudgins came. He really wrote a good one, didn't he? When you are in touch with him, tell him how much we appreciate it, too.

Can we write anyone or help you in any way with the research grant?

We were sorry we couldn't get back for the Gridiron. Your comments on it were priceless as always.

Congratulations on your invitation to participate in the 1967 National Health Forum.

What will the changes in top personnel in the Area office mean? Do you know Mr. Ellis or Dr. Robertson? We are hopeful this will work out satisfactorily. Perhaps some new approaches will be healthy.

Again, thanks for sharing Dr. Hudgins' letter with us. It says exactly what he should say and at a good time.

Charlie and the Gang join me in regards and best wishes.

Sincerely,

CARL ALBERT, M. C.
Third District, Oklahoma
