You can tell this item did not originate in my office! No identification by which a reader can order a copy to mail. If not public information, it would have "Administrative Use Only" on it.

Also, the speaker would have a functional title for the news reporter's use. The meeting would have a date and a city.

It was mimeographed in Area Office, however. Four months of this type of "dislocation" on my part is fraying my ego. Bruce Cafky gave me choice technical vocabulary for what is happening to my job. It is being "deemphasized." Sounds so objective, I can almost see it that way, myself!

You will find content of interest. Chadwick sees himself as the PHS troubleshooter for D.H. Wade M. knows how to capitalize on such, being part Bonty rooster, himself. I'm for Wade, mind you. He and I disagree on only one important point. ~~Applied to~~ Per capita payments for Indians in the nineteen-sixties. I've been created by the "Urine." That's "people" in Navajo. Sula
