

Mr. A--

Jimmy Belvin seems to be adamant about this.

He thinks we ought to bow our necks and make Dr. Rabeau ~~hire~~ promote to John Spaan ~~as~~ executive officer.

He called me today after receiving our letter of January 19 and said he was replying.

I had felt from our first conversation that he would settle for this but he apparently won't....at least, he doesn't want to.

He's sending us a letter, he said, which will let us know what he thinks....which is, that we should insist on Mr. Spaan being ~~executive~~ executive officer.

Senator Harris apparently has told Mr. Spaan he recommended him, then learned the position had already been filled, so that's that. He considers it a closed issue.
