Dear Bob:

We have checked again with the Department of Housing and Urban Development about the status of the proposed Indian Housing Project to be located at Caney. All such projects are being held up now while the Department works out priorities in accordance with the cut in expected appropriations. However, we are advised that when funds are released, this project will probably move rather swiftly. The outlook at this point is encouraging and you can be sure we'll do everything we can towards approval.

Very best wishes.

Sincerely,

Dear Carl:

The Choctaw Housing Authority has been working on an Indian Housing Project for some time to be located at Caney, Oklahoma. It is my understanding that the new application has been filed for some time. Their office in Tahleah, Oklahoma has not heard anything as to the status of this project. I wish you would check into this matter for us and give me a reply as soon as possible.

Carl, this will mean a lot to this community if this is approved and I feel this will help you as congressman in this community. We at Caney will appreciate very much your efforts in helping us see it through.

Sincerely yours,

Bob A. Trent
