Dear Hon. Schwabe:

SUBJECT: HR Bill 2764

May we call your attention to Bill HR 2764 now pending. As we understand this bill provides for the continued utilization by freight forwarders of services of common carriers by motor vehicle.

We are deeply interested in this continued service which we understand has been in operation over a period of twenty or more years, and we ask your support of this or any bill that will further a continuance of their present operation.

Yours respectfully,

SKELLY OIL COMPANY
