

1998

It occurred to me that these resolutions were so appropriate and timely that I took this method of bringing them to the attention of my colleagues in Congress and to the attention of the War Assets Administration, with the hope that possibly some good might be accomplished and that eventually these materials would be channeled to veteran housing projects with priority for such purposes. The program of veteran housing has bogged down under the interminable and ever increasing red tape of bureaucracy. There is so much material available in these surplus installations that I have insisted that these installations be dismantled and the material be channeled and earmarked immediately for use in constructing homes for the veterans.

#2 -

I might suggest that my insertion of these resolutions with my comments in the Congressional Record has already aroused the interest of the War Assets Administration. They promptly called me by telephone and asked for a personal interview to discuss the subject, and I verily believe my use of the resolutions in this manner will result in some benefits for the veteran. At least I am hopeful for this end.

With all good wishes, I am

Sincerely yours,

George B. Schwabe, M.C.

Dear Friends:

I am sending to your adjutant under separate cover a copy of the Congressional Record of Tuesday, July 30, 1946. You will note on pages A4885, A4895 and A4902 where I inserted, with my own comments and remarks, resolutions adopted by Tulsa Post 577, Veterans of Foreign Wars, General Clarence L. Tinker Chapter 160, The Military Order of the Purple Heart at Tulsa and by the Joe Carson Post No. 1, American Legion of Tulsa.

Each of these resolutions bear on veterans housing and insist upon the designation of surplus military installations for dismantling and the use of the estimated 1,500,000,000 board feet of lumber and other essential materials that can be made available from these projects for the use of veterans homes.

It occurred to me that these resolutions were so appropriate and timely that I took this method of bringing them to the attention of my colleagues in Congress and to the attention of the War Assets Administration, with the hope that possibly some good might be accomplished and that eventually these materials would be channeled to veteran housing projects with priority for such purposes. I am sending to your address under separate cover a copy of the Congressional Record of Tuesday, May 22, 1934. You will note on page 4007 and 4008 under "I understand" and on page 4009 under "Veterans of Foreign Wars" resolutions adopted by the House of Representatives on May 22, 1934. The Military Order of the Purple Heart is listed and by the Lee Gordon Fund No. 1, American Legion of Honor.

Each of these resolutions has an important bearing and upon the condition of our military establishment for discharging and the use of the estimated \$500,000,000 fund of honor and other essentially necessary that can be made available for these purposes for the use of veterans' homes.

It occurred to me that these resolutions were so appropriate and timely that I took this chance of bringing them to the attention of my colleagues in Congress and to the attention of the Senate Administration with the hope that possibly some aid might be accomplished and that some really important work be done for the veterans' homes. The program of veterans' homes has been going on for some time and more and more attention is being given to the problem. It is now more than a year since the National Veterans' Council was organized and the National Veterans' Council has been working for the improvement of the veterans' homes. The National Veterans' Council has been working for the improvement of the veterans' homes. The National Veterans' Council has been working for the improvement of the veterans' homes.

I might mention that my intention of these resolutions will be to bring them to the attention of the Congress and the Senate and the House of Representatives.

Dear Sirs:

I am sending you adjacent water supplies over a copy of
the Congressional Record of Tuesday, July 30, 1945. You will note
on pages 4-5, 10-11 and 12-13 that I insisted, with my own
comments and remarks, resolutions adopted by the House July 27, 1945
and of Senate July 28, 1945. I think you will find the
Military Code of the United States as well as the Jay-Cowman
and No. 1, American Legion of Tulsa.

Each of these resolutions bear on veterans' benefits and rights
over the question of service with any institution for education
and the use of the National Archives and Records Administration
and the National Archives and Records Administration. These three pro-
posals for the use of veterans' homes.

It occurred to me that these resolutions were so important
and timely that I took this method of bringing them to the attention
of my colleagues in Congress and to the attention of the Veterans
Administration, with the hope that possibly some good might be done
by them and that eventually some material would be furnished to
veterans' homes, projects with interest for such purposes. The progress
of veterans' homes has been slow under the Administration and even
progressing very slowly. There is no such material that
is available in these various institutions that I have insisted that
these institutions be dismantled and the material be furnished and
arranged immediately for use in constructing homes for veterans.

I might suggest that my insertion of these resolutions with my comments in the Congressional Record has already aroused the interest of the War Assets Administration. They promptly called me by telephone and asked for a personal interview to discuss the subject, and I verily believe my use of the resolutions in this manner will result in so benefits for the veterans. At least I am hopeful for this end.

With all good wishes, I am

Sincerely yours,

George B. Schwabe, M. C.

Dear Friends:

I am sending your adjutant under separate cover a copy of the Congressional Record of Tuesday, July 30, 1946. You will note on pages A-4885, A-4895 and A-4902 where I inserted, with my own comments and remarks, resolutions adopted by Tulsa Post 577, Veterans of Foreign Wars, Gen. Clarence L. Tinker Chapter 160, The Military Order of the Purple Heart at Tulsa and by the Joe Carson Post No. 1, American Legion of Tulsa.

Each of these resolutions bear on veterans housing and insist upon the designation of surplus military installations for dismantling and the use of the estimated 1,500,000,000 board feet of lumber and other essential materials that can be made available from these projects for the use of veterans homes.

It occurred to me that these resolutions were so appropriate and timely that I took this method of bringing them to the attention of my colleagues in Congress and to the attention of the War Assets Administration, with the hope that possibly some good might be accomplished and that eventually these materials would be channeled to veteran housing projects with priority for such purposes. The program of veteran housing has bogged down under the interminable and ever-increasing red tape of bureaucracy. There is so much material available in these surplus installations that I have insisted that these installations be dismantled and the material be channeled and earmarked immediately for use in constructing homes for the veterans.

PMAS SO

I am sending you attached under separate covers a copy of the Congressional Record of January, July 30, 1968. You will note on pages A-4897, A-4898 and A-4899 where I inserted, with my own language and somewhat verbatim as quoted by Alan Ford in "Freedom of Speech and Press," New York Times, October 1967, The William J. French Fund, Inc., New York City, N.Y.

You will note on pages A4885, A4895 and A4902 where I inserted, with my own comments and remarks, resolutions adopted by Tulsa Post 577, Veterans of Foreign Wars, General Clarence L. Tinker Chapter 160, The Military Order of the Purple Heart at Tulsa and by the Joe Carson Post No. 1, American Legion of Tulsa.

Each of these resolutions bear on veterans housing and insist upon the designation of surplus military installations for dismantling and the use of the estimated 1,500,000,000 board feet of lumber and other essential materials that can be made available from these projects for the use of veterans homes.

It occurred to me that these resolutions were so appropriate and timely that I took this method of bringing them to the attention of my colleagues in Congress and to the attention of the War Assets Administration, with the hope that possibly some good might be accomplished and that eventually these materials would be channeled to veteran housing projects with priority for such purposes. The program of veteran housing has bogged down under the interminable and ever increasing red tape of bureaucracy. There is so much material available in these surplus installations that I have insisted that these installations be dismantled and the material be channeled and earmarked immediately for use in constructing homes for the veterans.

I might suggest that my insertion of these resolutions with my comments in the Congressional Record has already aroused the interest of

the War Assets Administration. They promptly called me by telephone and asked for a personal interview to discuss the subject, and I verily believe my use of the resolutions in this manner will result in some benefits for the veterans. At least I am hopeful for this end.

With all good wishes, I am

Sincerely yours,

George B. Schwabe, M.C.

GBS:e

I am confident that your efforts will be successful in securing the passage of the bill. I have been very active in the House of Representatives in connection with the bill, and I have been very successful in securing the passage of the bill. I have been very active in the House of Representatives in connection with the bill, and I have been very successful in securing the passage of the bill.

Each of these resolutions has on veterans housing and health. The bill is a very important one, and it is very important that it be passed. I have been very active in the House of Representatives in connection with the bill, and I have been very successful in securing the passage of the bill.

It occurred to me that these resolutions were so important and that I should do something to help them. I have been very active in the House of Representatives in connection with the bill, and I have been very successful in securing the passage of the bill. I have been very active in the House of Representatives in connection with the bill, and I have been very successful in securing the passage of the bill.

I might suggest that you should also try to get the bill passed in the Senate. I have been very active in the House of Representatives in connection with the bill, and I have been very successful in securing the passage of the bill.
