Dear Sir:

We, the undersigned directors and members of the Nowata Chamber of Commerce, are taking the liberty of writing to you with reference to the purchase of twenty-five houses now located near the powder plant at Pryor.

Our city sorely needs additional houses and, in as much as the government will no doubt wish to dispose of these houses whenever the powder plant ceases to operate, we feel that such a deal would be profitable to both partys. There is considerable interest here already on the part of people who would like to own their own homes and on the part of employers who would like to provide homes for additional employees.

COLL

We are being asked numerous questions by various people and in order that we may be able to answer these questions intelligently, we are asking you. When do you think these houses will be sold? Will they be sold to the highest bidder or will a price be placed on them? Would it be possible for you to notify us in advance of the date of the sale? What steps should we take now to insure that we will have a chance to buy these houses?

We sincerely trust that you will see to it that these houses are not sold to some large salvage company but that they will be sold to individual purchasers.

Sincerely yours,

Board of Directors

Nowata Chamber of Commerce
