Dear Mr. Schuman:

Recently you were in my office and asked me to obtain certain information for you relative to HH priorities issued to builders of houses to enable them to obtain materials. I am informed that these priorities went into effect January 15, 1946, and that this type of priority was made applicable to prefabricators some time in May or June last, and that under this program builders make application quarterly for a set of quotas, application being made to the Prefabrication Branch of the National Housing Agency.

I have obtained for you and am herewith enclosing numerous forms, instructions and application blanks and directives which may be of help to you in solving your problem. At any rate, this is what the office of the Housing Expediter furnished my secretary and which I am pleased to pass on to you for whatever assistance it may afford you.

With all good wishes, I am

GBS:gs

Sincerely yours,

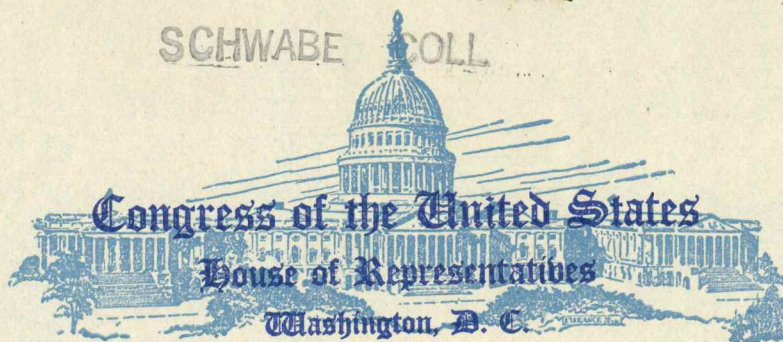

George B. Schwabe, M. C.

Re: HH Priority - Mr. Morris Schuman

Dear Congressman:

Upon receipt of your letter this morning, I talked with Mr. Nat Keith, Special Assistant to Administrator Wilson Wyatt, who stated that HH priorities are the standard priorities issued to builders of houses to enable them to obtain materials. These priorities went into effect January 15, 1946.

He further stated that this type of priority was made applicable to prefabricators in about May or June, and that under this program, builders make application quarterly for a set of quotas, application being made to the Prefabrication Branch of the National Housing Agency.

I requested Mr. Keith to send me a set of application forms and all regulations covering this program by special messenger this afternoon, which he promised to do. It is now nearly five and they have not arrived, but you may rely upon me to send them to you as soon as they do, if they are not received today.

If there is any further information Mr. Schuman wishes, I shall be glad to try to obtain it for him.

Sincerely yours,
