Hon. George B. Schwabe,  
House of Representatives,  
Washington, D.C.

Dear George:-

This will acknowledge the courtesy of mailing me copy of the Indian Act under date of July 2, 1945, for which accept my thanks.

By saying that I have tried to pay you a little courtesy call when you were in the city, but have been unable to see you, and yet wanting you to know the boys back home still remember you as one of the fellows; and realizing that you are now in the midst of trying to fathom an important problem facing the world and the United States, and knowing you will not fall short, and that you are able to perform whatever duty may be yours. With personal regards, I am,

Sincerely your friend,

*C. E. Baldwin*
