Dear Congressman,

Received your
telegram and was glad to
hear from. I do not like
to be writing Sen. Moore
because it may appear
that I did not trust him
in looking after our Bill.
Members of the Iowa Society
are very anxious
for their Bill to
be acted upon

by Congress. Has the Senate
Indian Committee met
since the passage of H.R.
Bill No 341 in the lower
house?

I am here in your city
and met some boys and
they tell me that they think
they have alive Congressman
I told them they were right.

We are here to have our
car checked over and will
go home to-day -
