My dear Friend:

Thank you for your note of the other day.  
I was glad to hear from you.

The Osage Civilization Fund Bill is now  
before the Committee on Indian Affairs of the House.  
Every effort has been made to obtain favorable action  
but its passage by the House is not assured at this  
time.

I regret that my quota for the Congressional  
Record is filled at present. Since you are now residing  
in California, it is possible that the Congressman from  
that district might have a vacancy on his mailing list.

With kind personal regards and best wishes,  
I am

Cordially and sincerely yours,

Hon. Wesley E. Disney,  
Washington D.C.

Dear Sir:

I am a member of the Osaage Tribe whom  
lives in California and I wish some information  
regard a bill that we Indians call the Civilization  
Fund bill.

I also would like to get the Congressional record  
sent to me if possible.

I wish to thank you personally for all  
you have done for my people.

Yours Truly  
Eddie Penn
