Sincerely yours,

With all good wishes, I am

With reference to Representative Stigler's bill to create an Indian Claims Commission, that bill has been reported out favorably by unanimous vote of our Committee, and is now before the House and may be acted upon within the next few weeks.

Nothing has come before our Committee on Indian Affairs in reference to this proposition as yet. I don't think there is any program in the making which will authorize the sale of these lands within the near future.

I am just in receipt of your letter of March 21st in reference to the sale of the Choctaw and Chickasaw coal lands.
