Mr. C. O. Penrose
Recording Secretary
Victory Local 457
International Ass'n of Machinists
Odd Fellows Hall
Tulsa, Oklahoma

Dear Mr. Penrose:

I have your letter of the 16th instant requesting me to support 2255. This measure has not yet come before the House, but I assure you that when it does I shall give it serious consideration and vote as I believe proper in the premises. I have not yet made a study of the bill, but I shall do so, and I trust that in the end you will not be disappointed in my action on this measure.

I appreciate having heard from you, and shall be glad to have you write me at any time on pending issues.

Sincerely yours,

George B. Schwabe, M. C.

GS:lw

International Association of Machinists

VICTORY LOCAL NO. 457

MEETS 2ND AND 4TH MONDAYS
ODD FELLOWS HALL, WEST TULSA

TULSA, OKLA., March 16, 1945

Representative G. G. Schwabe
House of Representatives Office Bldg.
Washington, D. C.

Dear Sir:

On March 12, Victory Lodge 457 of The International Association of Machinists met and voted in favor of Bill 2255. It is my privilege, as a representative of Victory Local 457 to ask for your support of this bill.

Throughout the Government Navy yards, Naval stations, arsenals and other Government establishments where shop crafts are employed, there is a widespread demand for this legislation to remove the insecurity brought about by existing efficiency systems, with all of their possibilities of favoritism and preferments.

We feel sure that you will honor us with your support.

Very truly yours,

LeO Penrose

Recording Secretary
