AIR MAIL

Senator E. H. Moore
Senator Elmer Thomas
Senate Office Building
Washington, D. C.

Dear Senator:

It is evident that Legislation of some kind is badly needed to stop the unlawful activities of radical and irresponsible Labor Leaders who are fast destroying the incentive of business management to make jobs. The opportunity of tremendous prosperity is here but it seems that Labor has taken an unfair advantage at a time when their cooperation could mean so much in getting ready for unlimited post-war business.

I believe that Senator Byrd's Senate Joint Resolution No. 133 will help to remedy this situation and I hope you will support it.

Very truly yours,

Dorothy S. Patton
