SCHWAAB COLL

I am not going to be able to get up to see you as I said I would when you were giving but you can do that morning at the Refinery, or I am going to give myself away in a letter to you.

The Republican Congressional Candidate in Texas, 5th district that the American People were getting fed up on the New Deal, which is not new, it dates back to the time of Julius Caesar and he failed there as it has failed now; and that suggestion is that since the

combination of a fellow travelers like Stalin Five Year Plan etc give them a sample of an American Five Year Plan, by outstriking all strikes for five years, but in a case where that would create an acute hardship have the case increased to perhaps a half of five members in Washington employed? Two members from the Senate a Republican Democrat and two members from the House either in the living practice of the industrial round on the Rec. I state in my first account, all. Contract of union and. Employers shall be for three years duration.

There shall be no strikes in politics in America such as Power & Gas Senate Railroads, City Transportation Zines, Coal and Oil Industries, The Disputes if to be settled by arbitration.

There shall be no sympathy strikes or picketing of plants that are not in strikes, nor one strike picket a plant that

is not an Employee of the plant that is on strike.

no unemployment compensation shall be paid to employees on strike or employees of other plants affected by the strike. It shall be unlawful for the Red Cross to aid striking employees. It is a man thinks more of a Labor Leader who helps him to know than he does of his wife and family than let them suffer. This Law shall apply to the community West Fund-ers.

Now for the Old Age Pension in Social Security Law, Force the employees take out in Social Security at the present rate of the per cent in ten years and raise the employees take out to ten or three per cent and double the Pension.

When a man reaches the age of 65 years his wife is fifty-five or more she should receive her share of the Thrift Savings Pension, one are going to have to do something about the state Pension to keep it out of the hands of the so called Gas Franchise they are a dirty bunch so far as all age Pension are concerned.

P.B. Perhaps you might have some influence in the Republican that is associated with the state Representative from their county in regard to the proposed age Pension, I think a Pension of \$5000 a month is not a bad thing.
