Honorable George B. Schwabe,
Member of the House of Representatives,
Washington, D. C.

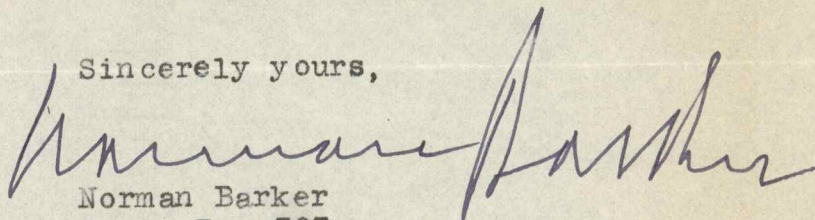

Dear George:

I have just read your speech contained in the
Congressional Record, page A505, February 6, 1945, and
it fully meets my approval.

There is something more I wish to suggest, and
that is that in this momentous time there will be a high-
pressure group attempting to commit this Country to a
policy of dabbling in foreign politics, after the war.
It seems that there is a group that pride themselves in
flouting the precedents of President Washington, and every
advice or suggestion advanced by him for the benefit and
prosperity of our Country has been flouted; and there will
soon be a budget and a prepared program for Congress to
swallow, which I hope and believe you will oppose.

With best regards, and with confidence that
you will vote for the right, regardless of where the
other fellows stand in these crucial times, I am

Sincerely yours,

Norman Barker
