Mr. B. T. Millikin
718 West Fifth
Tulsa, Oklahoma

Dear Mr. Millikin:

This is to acknowledge receipt of your
postal card of the 19th instant.

I agree with you absolutely, especially
in your statement that the people of the First
Congressional District of Oklahoma sent me up here
to use my best endeavors to protect and defend the
Constitution of the United States.

I also agree with you that H. R. 119,
which was so changed and amended and came out under
an entirely different number, the so-called "Work or
Fight" bill, is un-American in principle. I am
enclosing herewith copy of my speech showing why
most of us Republicans voted against it. I am proud
that I voted against it, and this talk of mine
entitled, "Work or What" explains the situation
thoroughly.

It was nice to have heard from you, and I
trust that as time goes on I will justify the con-
fidence you have in me.

Sincerely yours,

George B. Schwabe, M. C.
