Hon. George B. Schwabe
Washington, D. C.

Dear Rep. Schwabe:

I read your remarks "Work or What" with interest in the Feb. Cong Record page 4505.

I agree with you. I too feel the bill is unconstitutional. It is freedom that has made America the greatest nation. That's what the boys are fighting for. Why should we destroy freedom here at home? I shall never happen.

I notice you quoted from the hearing before the House Military Affairs Committee. Your quotations are rousing my interest in reading the complete hearing.

Could you inform me where I might get a copy? Or could you send me a copy?

Have you an extra copy of your remarks "Work or What"? I would like to circulate it among my friends.

Pres. Lincoln said "Let the people

Know the man and the nation
will be safe."

Albert Hubbard said, "All truth is safe,
nothing else is safe. And he ~~who~~ keeps
it from other for some selfish reason
or otherwise is a coward, criminal
or both."

I feel I must do my part to enable
others to help save the American
flag and the Republic for which it
stands.

America needs more men like you.
A slave bill will destroy American free
enterprise that made America great.

So bad that so many of the Congressmen
cannot find a place to live in Washington.

I feel it's about time Washington is
cleared from bureaucrats and
lame ducks. They should be sent
out onto a farm and forced to make
a living under the laws they pass.

I mean Henry Wallace too. But he would
maybe starve on the best farm in
Iowa. He might get the idea, that the
way to produce would be to destroy.

I hope you favor returning to
God's time. All farm animals live and
act according to God's time.

Yours truly
E. C. Hubbard
