Re: Speech, "Work or What?"
Feb. 6, 1945.

Dear Mr. Schwabe:

I thank you very kindly for the copy of your speech .

I assume that it was a very difficult thing to make a speech on the subject, as the subject is of such huge proportions , and which I believe you handled accordingly, while not satisfactory either to yourself or to me, or of much benefit, and I assume that it is best for a "Freshman" to "tread lightly" at first and for a feeler.

However, I am banking on you in the very near future, to deliver some real, hard, direct , effective blows against the destruction program which has and is prevailing at this time.

Best wishes,

JDM/cbm.

Sincerely your friend,

Joseph D. Mitchell.
