Honorable Sir:

This letter will be brief because I know that you as our representative are loaded with a tremendous lot of work, but I would like to express not only my commendation and appreciation for your support of the Case Bill H.R. 5262, but also advise that you would probably be surprised at the amount of favorable public reaction you have received on your actions.

Again thanking you for your action on the Case Bill, I am,

Sincerely yours,

GRIFFITH THEATRES
