

# ISLAND CREEK COAL SALES COMPANY

GUARANTY BANK BUILDING

HUNTINGTON 18, WEST VIRGINIA

H. A. GLOVER

VICE PRESIDENT IN CHARGE OF SALES

Honorable George B. Schwabe  
House Office Building  
Washington, D. C.

Dear Congressman Schwabe:

May I express my admiration for the courage and statesmanship which prompted you to vote for the Case Bill. I sincerely believe you have done organized labor a greater service than those members of Congress who voted against it.

Unless some steps are taken looking toward the ultimate equalization of responsibility of labor and industry, the present labor excesses will undoubtedly result in some legislation which will be much more restrictive of the privileges of labor than anything suggested in the Case Bill. The public is getting sick and tired of strikes, especially when they seriously affect their daily lives.

Yours very truly,

*H. A. Glover*

Vice President in Charge of Sales
