Dear Sir:

It is gratifying to note you have
used your influence in maintaining good
government for our Country.

Your vote on the Case Bill, I am sure,
has won the approval of a large percentage of
the people back home. Your action on this
bill makes us feel that we can expect to keep
a free country, a country as you and I have
grown up in, and a country we would like to
retain for our children.

We sincerely appreciate your good
work on this legislation.

Yours very truly,

G. J. Stollings /s/
