Sand Springs Local No. 296

Sand Springs, Oklahoma

May 30, 1946

Mr. Geo. B. Schwabe, Congressman
House Office Bldg.
Washington D.C.

Dear Sir:

The membership of the Oil Workers Local #296 of Sand Springs, Okla. request you as congressman to reconsider the House action on the President's proposed labor legislation if and when the bill comes back from senate.

We feel that this type of law will seriously retard all people in all walks of life and take away every democratic right we ever had and place Military Control over all labor disputes.

If you would give this proposal more consideration when it comes back from senate we are sure you'll see the light of day and vote it down so when you come back home and report to your people you can say, I voted against the Presidents proposed labor legislation.

Looking for a vote agianst this bill, I am

Yours truly

Arthur L. Cross, Secy.
