

Loan to Britain

SCHWABE COLL

February 1, 1946

Mr. C. H. Whittington
1521 Johnstone
Bartlesville, Oklahoma

Dear Friend:

I have your letter of January 28th, and I certainly do appreciate having the benefit of your thinking. A true representative of the people always wants to know how his constituents think on controversial issues.

It may be of interest to you to know that the people of my District have overwhelmingly decided against the making of foreign loans and giving away our substance to foreigners. This is the result of a recent questionnaire I sent to forty thousand people indiscriminately, in my District.

As the father of four sons who were in the service, you may rest assured that I am interested in the present and future welfare of these servicemen and veterans more than I am in the people of any foreign country, friend or foe. I couldn't have much self-respect if I took any other view.

With all good wishes, and thanking you for your interest and the voluntary expression of your opinions, I beg to remain

Sincerely yours,

George B. Schwabe, M.C.

of our government including the military section. There was not to be any rich people from this war, check them up, more than any time in history. Who is paying this bill not only us that stayed at home but the poor G.I.s that slept in the fox hole in mud and water. Let us get right with our God, ourselves and our fellowmen and let all of us work to-gether for a better U.S.A., world peace that will last & brotherly love among all. Let us do something about the high rents, high property prices and high living conditions in general. A few more honest selling prices might do some good.

Sincerely yours.

C. E. Whittington

Honorable Geo Schawbe

Being a property owner, tax payer and voter of the State of Oklahoma I am asking you to vote against and have all the influence you can to defeat the loan to England. The 42 2's of the good old U. S. A. need that money but they have to pay twice the amount of interest and put up collateral besides. Is the New Deal Democrats selling us out to the foreign countries after our boys died, bled and suffered to save their countries. It is high time we look out for our veterans that are coming home instead of play so much foreign politics. We tax payers would also like a little attention be given to the amount of waste going on in the various departments
