Dear Mrs. Jones:

I am in receipt of your postal card of recent date requesting favorable action on S.1128 before Congress recesses.

Apparently, this bill is still in the Senate and will likely not reach the House before the recess of Congress, which I think will be sometime this week. In the event the bill does reach the House, I assure you it will have my serious and earnest consideration.

Thanking you for writing me on this subject,
I am

Sincerely yours,
