Mr. Arthur L. Price
315 E. 5th Place
Tulsa, Oklahoma.

Dear Mr. Price:

On my return to Washington I found your letter of February 12th concerning which you spoke to me while I was in Tulsa last week. I also observed that my secretary has acknowledged receipt of your letter.

About all that I can say is that your argument is rather convincing and that I shall be pleased to give this matter serious consideration when it is before Congress. Of course, I am not on any Committee to which the bill will be referred. If it is reported out favorably by the Committee to which it is referred, it will come to the House for consideration and action at that time. You may rest assured that I will do whatever seems is proper in the premises and for the best interests of the country. In the meantime I thank you for bringing this to my attention and

With all best personal wishes and regards, I am

Sincerely yours,

George B. Schwabe, M. C.
