Dear Dr. Reed:

I am delighted to acknowledge receipt of yours of the 26th instant. I appreciate the complimentary things you have said.

I am thoroughly convinced that it is up to Congress and the people to voice their protests to paternalism and bureaucracy, which we are confronted with on every hand from Washington.

Any time I can be of any service to you or any time you have anything of interest to write me, please feel free to address me.

Yours very truly,

George B. Schwabe, M. C.

Dear Sir:-

I have just finished reading your Remarks in the House of Representatives entitled "Angels of Mercy Drafted". It makes me proud that I, a Democrat voted for you a Republican. I feel that for once that I did not waste my vote.

Your observations concerning the trend of things there in Washington tally with many other Freedom loving Americans. We want and must have preserved the old order of things that your father and mine so cherished and preserved.

I am indeed thankful that you were elected to represent us in our district.

Yours truly,

Dr. Cecile E. Reed
