The member, of congressman should bring up on old age pension Bill. Take all the expence, out, of the hands, of the states, and make it a Federal pension, and our check come from washington \$40. a month, so we can live;

We old people produce, the wealth, of this country this country belong to the old people, and not to a few, we build it, and mad it what it is to day Now to take our old people and throw in out on a Junk pill, like we wait, and empty tin can, should be out, of reason, It is factr ther is sense, and reason, in business matter, the people, of this great nation put you Congressman, and Senators, in wew you are to day, now help us, we help you now do something, for us, wile you are ther, make it 50-50. we are right, in our prayers;

We don need no care workers, and executive on pension Boards; it is Just a graft. Congressman should passed a Federal pension, to stop the graft trouble To bring to the poor old unfortunate Father, and mothers, a Glory, of peace, on God eard, and on God land, we are calling on our congressman, and our senators, of this great nation, to open your heart, to make it feel in sympathy towards, the poor old Father, and mothers that has voted, and put you all, in the house, of washington. D.C;

It is indeed terrible, to have some man, in the house without a heart, for humanity That the people put them in there, To forget what, the people has don for them I love a man, that has, got, a feeling heart, for his fellow man;

This old age pension, is going to dragged the people in to rebell, what i see I realize the executive, are very hard on the old poor, folke, don wont, to do anything for them we see ^{it} black and white, it is a terrible shame;

With kindest, regards I am
cordially, and sincerely

Gen Del
George Schott
Sand Springs, Oklahoma;

Got so much money, fill up in the fund, it is not
doing the poor old pensioners no good \$8. million
dollar, fill up in the fund and old people going hungry
some ^{one} eler will get it, so much money fill up keeping
us, poor old folke from giving us \$40. a month, we
think our congressman and senators should take
this matter ^{up} with the executive or pension board, why
they don give the old people \$40. with all that money
fill up in the fund, in our state, it is not doing the poor
old people no good, and no one eler, to keep it fill up;
The care workers, will not let the old people live with their
children, must rent a house, and live to them self, it keep
other people, of renting a house It would make more room
If the old pensioners, would, let them live in with their
children, and the other people, would be able to rent a
house to live in; Terrible system, enen thing against the
old poor people, the big fellow got to much, of their own way
they will dragged the people, to put a stop to it, Its coming
and it is not for, of;
